

CE2

[Product name] Aluminum tube closed terminal/wire cap

[Product Model] CE-2

[Product material] Standard aluminum tube contact PP engineering raw material shell.

[Electrical performance] Operating voltage: 300V Maximum

temperature: 105°C

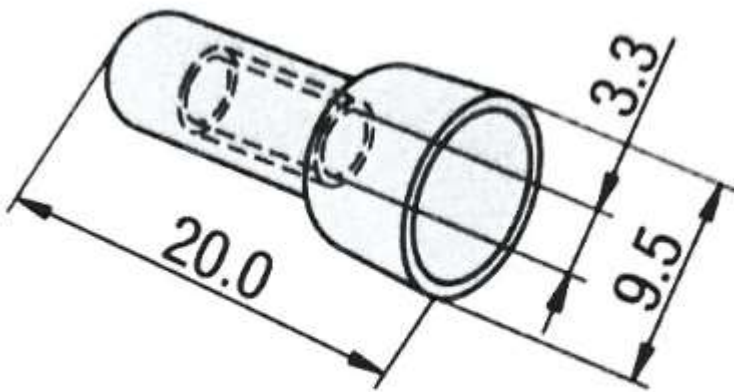

[Certification standard] Comply with UL CSA CQC safety certification

[Product size] Total length 20mm

Shell diameter 8mm Inner diameter 3.1mm

[Packing] 1000PCS/ bag 20 bags/box.

[Product use] Used in various electrical products, mechanical equipment, lighting and home wiring and other wiring equipment.

CE-2X
