

## JMCF-6X-24V / 180419 and JMCF-6X-220V / 180420

### Technical parameters:

1. Count range: 0-999999
2. Voltage types: DC24V AC110V AC220V (three kinds of voltage optional)
3. Counting speed: up to 10 times/second
4. Use environment: -20 to 60 degree
5. Counting error: 0.0001
6. External size: 56\*30\*64MM
7. According to the loading method: surface layout opening hole
8. Reset mode: press by hand
- 9 Counting mode: Turn on and off once, Count the quantity once
