

Ks0180 keyestudio Sensor Kit for ARDUINO starters- K3

Introduction:

This keyestudio Sensor Kit is an Arduino starter learning kit developed by Keyes. We provide detailed tutorials for each project or sensor module, including connection diagrams and sample codes, with which you will find it easy for you to complete every experiments. Besides, you can also find video tutorials of this kit on our official website.

Project List:

- Project 1: Hello World
- Project 2: LED blinking
- Project 3: PWM
- Project 4: Traffic light
- Project 5: LED chasing effect
- Project 6: Button-controlled LED
- Project 7: Responder experiment
- Project 8: Active buzzer
- Project 9: Passive buzzer
- Project 10: 3W LED Module
- Project 11: Digital Push Button
- Project 12: Analog temperature sensor
- Project 13: DHT11 Temperature and Humidity Sensor
- Project 14: Analog Sound Sensor
- Project 15: Flame Sensor
- Project 16: Vibration Sensor
- Project 17: DS3231 Clock Module
- Project 18: keyestudio MQ135 Air Quality Sensor
- Project 19: Color Sensor
