

Before starting assembly, please spend some times to read this assembling and follow the procedures step by step assembly guide.
Some panels are viewed differently from the exploded drawing below. This is for extra clarity.

Do not discard any of the packaging until you have checked all the parts and the package of fittings. If you are missing any of the parts, please contact the store from which you purchased your products. The staff will do their best to help you.

Check List

- | | | | |
|-----------------------------------------------------------------------------------|------------------------|------------------------------------------------------------------------------------|------------------|

|  | Nut x1 |  | Copper washer x2 |
|  | Allen key 4mm x1 |  | U type nut x1 |
|  | Cuffing plane screw x1 | | |

(LA-55 Can be Connected With LA-50 series)

Fix the wall mounts to the strong place. After inserting the connection plate into the wall mount plate, secure the screws about 2~3 circles and then secure it to the wall mount plate for avoiding the arm falls off.
